

HARI KRISHNA GUJJE

Mobile : [+91-7330653252](tel:+91-7330653252)

Email : harikrishnagujje1729@gmail.com

Portfolio : <http://harikrishnahk.pythonanywhere.com>

Git Profile : <https://github.com/harikrishna-gujje>

Career Objective:

To work in an organization that can provide me with a challenging career. This can give me an opportunity to explore the latest trends in technology and provide wider scope for my professional growth.

Academic Credentials:

Qualification	College/Institutes	Board/University	Year of Pass	Aggregate
B.Tech - CSE	Jawaharlal Nehru Technological University, Hyderabad	JNTU	2015-2019	7.68 GPA
Intermediate	Sri Sharada Junior College, Sircilla.	Board Of Intermediate Education	2013-2015	96.2%
S.S.C	Zilla Parishad High School, Sircilla	SSC	2012-2013	8.8 GPA

Technical Skills:

Languages : [Python](#), [SQL](#), [HTML](#), [CSS](#), [Java](#), [C](#)

Tools : [Git](#), [Pycharm](#), [Visual Studio Code](#), [MS SQL Server](#), [Eclipse](#), [ServiceNow](#)

Frameworks : [Flask](#), [Django](#)

Certifications : [AWS Certified Solutions Architect-Associate](#)

Work Experience:

- Working as an Application Developer and Support in TCS (May2019-present). Have great experience working with different technologies.
- I have automated the process of inserting manual entries to our application using python. It will take almost **2 hours** for users whereas I narrowed it down to **5 min**.
- Discrepancies in balancing reports were checked manually by users until I built a reconciliation system to check where we are going wrong in the reports on the credit or debit side of the agent ledgers.
- Created an application to automate the process of creating weekly reports for issues that we resolved by integrating with ServiceNow using rest APIs.
- I developed an e-commerce application to learn in-depth about django. I am optimizing the code wherever possible till today.

Project Description: Western Union provides consumers and businesses with electronic and paper-based systems for transferring funds and making payments. This process will go through two applications namely, 1. Western union agent management system (WUAMS) and 2. Western union agent payment system (WUAPS).

WUAMS manages agents in various countries. This application is used for enrollment, approval, maintenance and deletion of agents. The application mainly has lead, approval, maintenance and deletion flows.

WUAPS manages payments of agents in various countries. The major modules are agent settlement and bank reconciliation. We will load yesterday's activity and settlement files into the system so that users can check and reconcile the entries to keep track of all the ledgers.

Roles:

- Developing and fixing the technical issues in the applications raised by users.
- Provided access to the users based on their roles.
- Automate the manual entry insertions to the system via sql scripts.
- Monitoring and providing support for abnormal end of the batch jobs in minimal time.
- Attend weekly roadmap meetings to discuss the new requirements.
- Troubleshooting the application interface and debugging the application code to solve production issues where many challenges are handled.

Personal Projects:

1. E-commerce Application: This project is built using the django framework.

language: Python

Github link : <https://github.com/harikrishna-gujje/azkart>

2. Pawned Password: This project will check whether your password is exposed in any of the security breaches among the social media platforms all over the world.

language: Python

Github link : <https://github.com/harikrishna-gujje/IsPawnedPassword>

3. Web Scrapping HN: This project is used to web scrape the famous hacker news website. We can scrape popular posts on the website based on the scores attached for each post. This project is built using the BeautifulSoup4 library.

language: Python

Github link : <https://github.com/harikrishna-gujje/WebScrappingHN>

Personal Details:

- **Father's Name** : G. Ambadas
- **Date of birth** : 11 October 1997.
- **Address** : H.no: 1-7-66, Padmanagar, Rajanna Sircilla
- **Hobbies** : Watching movies, learning new technologies.
- **Languages known** : Telugu, English and Hindi.

Declaration:

I hereby declare that the above furnished information is true and correct to the best of my knowledge.

Place: Hyderabad
